Selinsgrove, PA 17870

Dear Customer Service Representative;

As a recent buyer of a Penn Lyon modular home through Jasmine Building Systems, I want to commend the set crew employed by Ferraro Construction Corporation for the work they did on my house.

This crew demonstrated the highest level of motivation, dedication, and skill. I spent much time with them as they worked on my home. They were extremely courteous answering all my questions with clarity and precision. Their level of teamwork is a reflection of the leadership of their crew leader Brian ( Smokey) Margarum. This was evident in the respect they showed to him as they worked and followed his direction.

The Penn Lyon Corporation and Ferraro Construction are indeed fortunate to have this group in their employ.

Sincerely Yours,

Raymond Weyhenmeyer
